

specific attempt to kill the bill.

SPEAKER: Senator Duis, did you wish to be recognized?
Senator Duis, then Nore, then Carpenter.

SENATOR DUIS: Mr. President, I have no argument as far as motion is concerned here. Only would like to ask of the Clerk, the motion to strike an enacting clause should be explained to the body. I'm not positive whether he would do away with the entire statute that way, rather than new material and I'm not...I'm not desirous of seeing that happen.

CLERK: He would kill just the bill.

SPEAKER: Well, I think Senator Duis is asking about what it does to the rest of the bill. Senator Duis to answer your inquiry after conference here, by striking the enacting clause you just strike the new material in the bill. You don't kill any of the old material, like in the old statute there. So that will help that. Senator Nore is next to speak, then Senator Carpenter, then Senator Waldron. Senator Nore.

SENATOR NORE: Mr. President, fellow members, I support this move. I wonder how many here have read the book about Senator Plunkett of New York in Tammany Hall back, it's back in the '80's I think, where he made a fortune by running the transit lines. He'd buy the land ahead of time and then run the transit lines out. He knew ahead of time or would buy land ahead of time and run the transit lines out in this area and make a fortune which he thought was not a conflict of interest and I would like to see the Authority elected by the people. In fact, I stand on that on any... I don't want to take away the vote of the people.

SPEAKER: Senator Snyder.

SENATOR SNYDER: The bill to which Senator Nore is talking was passed two days ago. That considered the election or appointment of the Authority members. This bill regards the authority of the Omaha Transit Authority, not as to how they are elected or appointed.

SPEAKER: Senator Nore, confine your remarks to the bill and actually to the specific amendment. Thank you. Senator Carpenter. We have before us the specific motion now to return the bill to Select File for specific amendment.

SENATOR CARPENTER: Mr. President, this is a bill pertaining only to the city of Omaha. It's a highly important bill as well as the bill we previously passed. I would hope and think that we pass this bill over and let Senator Snyder and Senator Fellman get together. They both have a point and if it was an ordinary bill, it wouldn't make too much difference. This is a highly important bill and it has wide ramifications and there is a question as to what Senator Fellman says and there is also an interesting question on the part of Senator Snyder. So, I would hope we pass the bill over and let these two gentlemen see if they can work out something. I move we pass the bill over until Monday of next week. I ask unanimous consent.

SPEAKER: Well, we have to withdraw Senator Fellman's motion here first and we have a couple of other people that would like to speak, Senator Carpenter. Hold on here. We will see what happens. Senator Waldron, did you wish to be recognized? The motion before us, of course, is to strike the enacting clause. Senator Waldron.

SENATOR WALDRON: Mr. President, members of the Legislature, I couldn't help but think when out in the hall I heard Senator Snyder bemoaning the fact that, I should say the seasoned Senator Snyder, bemoaning the fact that the freshman from Omaha would...had forgot to consult him on this matter. But you know, I have little sympathy for Senator Snyder because I
